+91 7717764848 | manuvinayak5@gmail.com | LinkedIn | Purnia, Bihar, India

PROFESSIONAL SUMMARY

Results-driven Data & Business Analytics Specialist with 3.5+ years of experience delivering scalable, insight-driven Power BI solutions. Proven expertise in translating complex data into actionable insights that fuel strategic decision-making and drive measurable business outcomes. Known for streamlining data workflows, optimizing dashboard performance, and leading end-to-end business intelligence initiatives in client-centric environments.

EDUCATION

Bachelor of Computer Applications (BCA)

Vidya Vihar Institute of Engineering and Technology, Bihar **CGPA: 8.88** | 2018 – 2021

TECHNICAL SKILLS

Power BI Development & Optimization | Interactive Dashboards & Data Storytelling | Data Modeling | DAX | Power Query | SQL | Power Automate & Workflow Automation | Advanced Excel | Azure Databricks | Python for Data Analysis | Business Intelligence Strategy | FMCG & Sales Analytics

PROFESSIONAL EXPERIENCE

Deloitte Consulting India Kolkata, India November 2021 – Present

Consultant (June 2024 – Present)

- Enabled Data-Driven Revenue Growth:** Delivered dynamic, insight-rich dashboards across *Sales Performance*, *Revenue Management*, and *Customer Planning*, equipping product and strategy teams with actionable intelligence to refine go-to-market plans across both *Modern Trade* and *General Trade* networks.
- Automated Performance Analytics:** Spearheaded a fully automated reporting system by integrating **Power BI user metrics** with **Power Automate** and **SharePoint**, eliminating manual reporting workflows and significantly improving efficiency and stakeholder visibility.
- Optimized BI Infrastructure:** Restructured Power Query logic and fine-tuned complex **DAX measures**, resulting in faster report load times, smoother navigation, and elevated user experience across enterprise-wide dashboards.

Analyst (November 2021 – May 2024)

- Led Full-Lifecycle BI Initiatives:** Owned the complete Power BI development cycle—from requirement elicitation and data modelling to dashboard deployment—delivering real-time, collaborative reporting tools that empowered fast, data-driven business decisions.
- Delivered High-Stakes Solutions Independently:** Steered multiple high-impact analytics projects as a solo contributor, ensuring seamless execution, timely delivery, and consistent alignment with evolving stakeholder priorities and performance goals.

CERTIFICATIONS

Microsoft Certified: Azure AI Engineer Associate (AI-102)
Microsoft Certified: Power Platform Functional Consultant (PL-200)
AWS Certified Solutions Architect – Associate (SAA-C03)

ACHIEVEMENTS/AWARDS & VOLUNTEERING

Consistently recognized at Deloitte with accolades such as **Live the Dot**, **Move the Dot**, and **Applause Award**, reflecting my impactful contributions and embodiment of the firm's values. Actively supported talent acquisition as part of the hiring operations, while also mentoring and onboarding new hires-accelerating their integration and upskilling them in analytics best practices.
